HAVE YOU HAD ANY POSITIVE EXPERIENCES WITH THE NETWORK?

Encourage new membership in the Network by sharing your good experiences with your peers, neighbours, Councillors and other non-Network member RMs in your Division.

HAVE YOU OR YOUR RM BEEN HELPED BY OUR PROGRAMS?

Share your views of the programs you and your RM receive directly or indirectly by the Network with non-Network member RMs in your Division.

MEET OUR NEW DIRECTOR

Shelley Kirychuk, PhD.
Director, CCHSA

*"If you want to build a ship, don't drum up people to collect wood and don't assign them tasks and work, but rather teach them to long for the endless immensity of the sea."
Antoine de Saint-Exupery*

On November 1st, 2022 I took on the role of Interim Director of CCHSA. Prior to agreeing to take on this role I spent time walking and talking with trusted mentors. These mentors are very knowledgeable about CCHSA and the University of Saskatchewan administrative roles and structures. These discussions were very important to my decision. I want to thank them for their time, advice, and support.

Prior to taking on this role I also took some time to vision. If I were to take on the role I needed to understand why.

I asked myself "If I were to take on this leadership role, what are my plans?"

What do I want to achieve? How can it be achieved? What are the immediate, mid-term, and long-term steps to achieving the vision?" I documented my thoughts and therein began a vision plan. Importantly, I was excited and eager to bring my vision to life!

*He who has a "why" can endure any "how."
Friedrich Nietzsche*

The premise is positive movement, sparked by what works now and what makes success possible. The book "The Surprising Power of Liberating Structures – Simple Rules to Unleash a Culture of Innovation" (2014) outlines a foundation for this process:

- Include and unleash everyone
- Practice deep respect for people and local solutions
- Build trust as you go
- Learn by falling forward
- Practice self-discovery
- Amplify freedom and responsibility
- Emphasize possibilities: believe before you see
- Invite creative destruction to enable innovation
- Engage in seriously playful curiosity
- Never start without a clear purpose

These principles are a guiding framework for my vision and leadership. Some amazing staff are working to bring some of the visioning steps to action, starting with the launch of this first edition of the Boots on the Ground newsletter.

My next few months will be spent appreciatively inquiring with CCHSA faculty and staff, partners, collaborators, UofS leadership, and the CCHSA Boards, to understand and amplify the strengths-filled, opportunity-rich, possibilities for CCHSA. My door is always open. Feel free to reach out.

My boots are on the ground! I look forward to the journey.

Shelley

DELIVERED TO THE FARM GATE:

2022 SPRING AND WINTER 2023 MAIL-OUTS

- Delivered to the 196 Network Member RMs
- Reaching approximately 22,000 Farm Families

ANNUAL NEW RESOURCES:

Musculoskeletal Health and Safety in Agriculture

This resource provides many benefits to farmers and rural workers by:

- Increasing awareness of hazards on the farm that can impact farmer musculoskeletal health
- Educates in ergonomic best practices and exercises
- Musculoskeletal Disorder (MSD) prevention tips
- Managing MSDs through decreased pain and increased strength
- Additional resources and treatments available

Extra Tools for Farmers

- An extended version of this resource will soon be available on the Network website which will include: practical checklists, MSD prevention policies, and incident investigation reports to use on your farm.

 Musculoskeletal
Health and Safety in Agriculture

What is a MSD Policy?

Outlines the farms commitment to preventing MSD injuries including definitions, roles, responsibilities, risk factors, hazard identification and control, training and education, monitoring and evaluation as well as contractor involvement.

ADDITIONAL RESOURCE DEVELOPMENT

Take a Breake from the Shake

With funding from a CASA Provincial AgSafe Partner Program grant, the Network was able to undertake an initiative to empower farmers and workers with feasible and practical tools and strategies to mitigate the health risks associated with extended whole body vibration (WBV) exposure from farm machinery operation. An informational pamphlet was developed in both official languages and combined with reminder stickers to help pique the interest of farm machinery operators and increase uptake of the key messages:

- Exposure to WBV during farm machinery operation can have significant short and long-term health risks.
- Take a break once in a while! Although it is not possible to eliminate the hazard of WBV in agriculture, simple solutions such as rest breaks can significantly reduce the associated health risks.

Knowledge Translation for Agrivita

KT activities were directed toward the continued development, production, and publication of bulletins

AgriSafety Annual Program Report

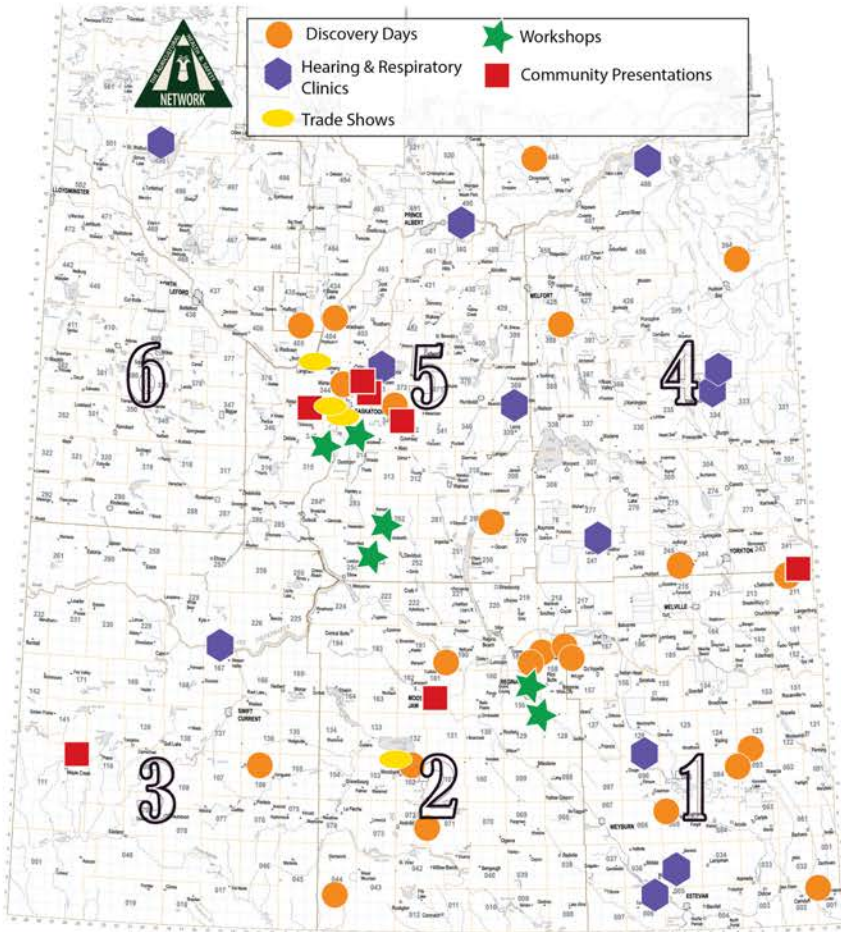

Production of a video for each project. The videos will capture the entirety of the project from purpose to output and can be used to promote the project in a variety of settings.

2022- 2023 NETWORK ACTIVITIES

Networking Funding

- Each member RM pays a base membership fee of \$200 plus \$4.60 per active farm family to benefit from Network resources and services.
- The Saskatchewan Ministry of Agriculture
- The Canadian Centre for Health and Safety in Agriculture
- Grants and sponsorship for specific projects

RM members partnership is the foundation of the Network, allowing us to attract additional resources and partnerships to better serve SK Farmers, their families and their workers

Network Steering Committee

Thank you to our Network Steering Committee members who provide valuable grassroots feedback to the Network representing RM membership, farmers and ranchers in each division of Saskatchewan. We encourage you to reach out and introduce your RM to your respective Division Steering Committee member.

Current Members:

Divisions #1, #2, #4, #6: TBD at SARM March Convention 2023

Division #3: Mark Hughes, Reeve for the RM of Miry Creek #229

Division #5: Darin Pederson, Reeve for the RM of Prairie Rose #309

Special Thank you to Brenda Zemluck, Elfros RM #307, who served on the Network Steering Committee for 19years representing Division #4!

SASKATCHEWAN FARM SAFETY PLAN PILOT TRANSFORMING INTO A PROGRAM!

Network partnered with: Saskatchewan Ministry of Agriculture, Ministry of Labour and Workplace Relations, Vital Insight (consulting) and SK Producers to develop and pilot test practical resources and online modules to assist SK Producers to start the process of creating a SK farm safety plan (2020-2022).

With the goal of creating practical, supportive and effective resources, tools, and access to consultation that will meet the needs of SK Farmers, Ranchers and Producer groups in creating and maintaining an impactful farm safety plan.

Top 5 Reasons to Build Your Farm Safety Plan

1. Help family and all employees/workers on the farm understand their roles & responsibilities to work toward a common goal of incident, illness and injury prevention.
2. Engage workers. An engaged worker is a safe worker.
3. Consistent method of communicating hazards and hazard control measures on the farm.
4. Reduce the human, livestock, material, and financial losses associated with incident, occupational illness, and injury.
5. Improve compliance with laws and regulations for occupational health and safety within the province.

PARTNERSHIPS

Thank you to our partners that contributed to the success of the outreach activities of the Agricultural Health and Safety Network

Radio Ads: Partnership with SARM

Along with SARM and Saskatoon Media Group CJWW the Network created a series of harvest farm safety messages that aired during September and October 2022.

RESEARCH PARTNERSHIPS

The Network works with a variety of research teams by:

- Collaborating in grant writing,
- Bringing awareness of current research projects to SK rural population,
- Sharing knowledge at outreach events and assisting in recruiting new rural and agricultural participation for research projects.

Research Projects

- Long COVID Study
- Saskatchewan Mental Health in Agriculture
- University of Guelph - In The Know Workshops
- National Survey on Farmers Mental Health
- Vibration Exposures in Ag Equipment Operation
- Shoulder Pain Study

Gear Up for Ag: Canadian Program delivered to College Students

November 2022: Delivered at Saskatchewan Polytechnic Moose Jaw Campus

Canadian Agricultural Safety Week - March 13 - March 19, 2023

Your Farm Your Family Your Success SAFETY is our Promise

In 2023, the aim of the campaign is to inspire farmers, farm families, and farming communities to commit Farm Safety Everyday."

AGRICULTURAL SAFETY DISCOVERY DAYS

DELIVERED TO RURAL SCHOOLS

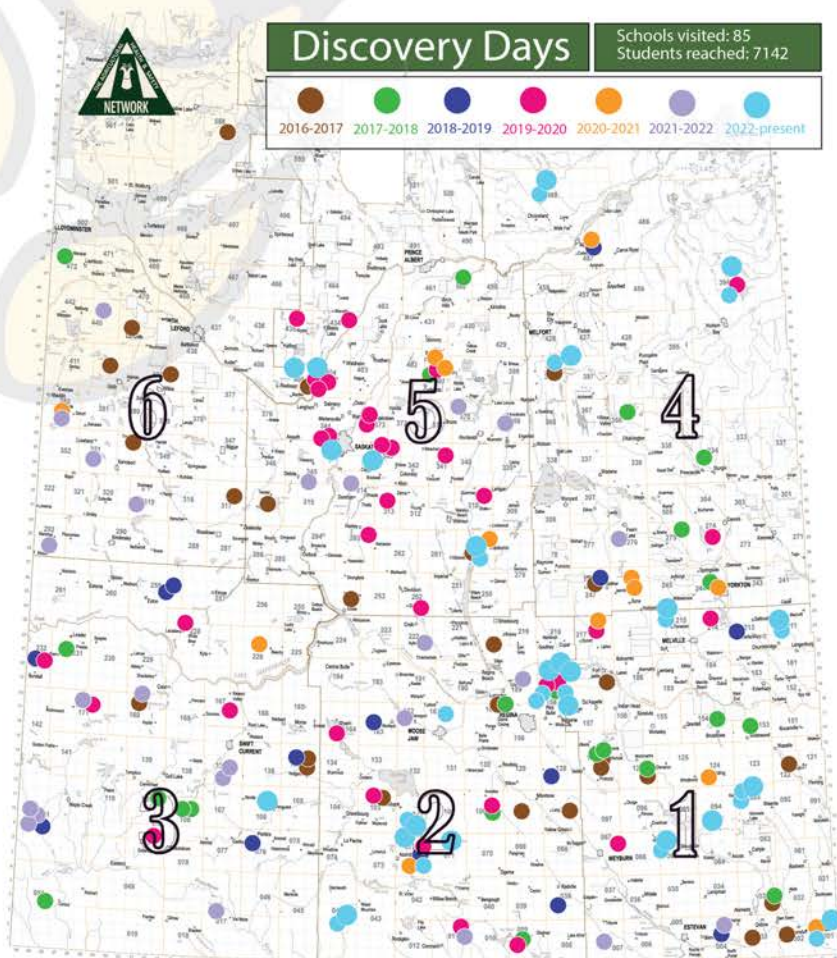

Raising awareness among Saskatchewan farm children of hazards on the farm and how to recognize and avoid risks is the goal of the Network's Agricultural Safety Discovery Days.

Facts

- The Agricultural Health and Safety Network was able to offer **24** in-person Discovery Day presentations reaching **1837** students during the **2022/2023** school year.
- Virtual delivery is still available for booking.
- The Discovery Days program is tailored to students in grades 4 – 6 who are immersed in agriculture at home or in their communities.

WHAT HAPPENS DURING EACH PRESENTATION?

During each event, children are guided through fun and interactive farm health and safety activities. These activities include, but are not limited to, animal safety, chemical safety, hazard identification, grain safety, and machinery safety.

To learn more about Discovery Days in the Classroom watch video posted on the Network's website.

ACTIVITY BOOKLET:

- A new version of the Farm Safety Activity booklet has been produced

DEVELOPMENT OF NEW PROGRAM MODULES:

- Youth Mental Health
- Hearing
- Electrical Safety
- ATV safety presentations

PROGRAM EXPANSION UNDERWAY:

- Increasing delivery capacity
- Seeking Partnership Opportunities with Agribusiness and SK Producer Groups

AGRICULTURAL SAFETY AND RURAL HEALTH

SARM 90TH ANNIVERSARY SCHOLARSHIP

In 1995, the Saskatchewan Association of Rural municipalities (SARM) auctioned off the first copy of their history book, "The Building of a Province: Commemorating the 90th Anniversary of the 90th Anniversary of the Saskatchewan Association of Rural Municipalities and with these funds initiated the "Saskatchewan Association of Rural Municipalities 90th Anniversary \$1,000 Student Scholarship in Agricultural Safety and Rural Health. Since 1996, The Canadian Centre for Health in Agriculture (CCHSA), University of Saskatchewan through its Founding Chairs Program has maintained the Agricultural Safety and Rural Health Scholarship. In the 2013-2014 school year, CCHSA started offering two \$1,500 Student Scholarships

The winners of the 2022-2023 SARM Scholarship of \$1,500 each are Caleb Reeve of Wynyard, RM of Big Quill No. 308 and Kira Wignes of Viscount, RM of Viscount No. 341.

KIRA WIGNES

"Farming is a demanding career that involves working long hours while trying to plan around many variables that are uncontrollable. After some time, working in such a physically and mentally stressful environment can become significantly exhausting and lead to impaired decisions, unsafely handling equipment or carelessly entering pens of livestock. This not only endangers yourself, but also those around you. It is critical to take care of your mental health as an agriculture producer and reach out to resources that can offer proper support in an accessible way."

CALEB REEVE

"Safety is an absolute priority on our farm. We implement many safety measures that other farmers around our area do not. An example of this is that our yard manager has a harness system he uses on the bins to protect him from fatal falls. It only takes him a minute to get strapped in, so why wouldn't you?"
